Saturday, 10/24	1:00-3:00	Full Cast	Run Act I
	3:00-4:30	Ensemble Members	Costume Painting

MUSIC

Please make sure all students know the foreign language pronunciations for “Logo Te Pate”. We will be focusing on that this coming Saturday.

CHOREOGRAPHY

Choreography videos now have a folder on the Google Drive

COSTUMES

As a reminder, we ask that the Ocean Chorus leotards are at the theater by next Saturday, the 17th. We encourage your students to write their names in them. As a reminder, the recommendations for specific leotards can be found in the very first weekly update.

We also ask that each student brings a plastic storage tote to the theater to store their costume items in separately along with their face shields (which have now arrived). This was in the theater’s COVID protocols from the start, but, until now, we didn’t really have any costumes or other items to put in them.

We made a lot of good progress on skirt making today but hit two setbacks. The first was that I underestimated how much raffia ribbon we would need of certain colors, which was entirely my fault. The second, though, was that we had no volunteers show up to assist, so some of the students had to spend their time helping or preparing materials for others, and many of the skirts were not finished. As such, we will be having a second date for skirt making around the end of the month. When that date is announced, we will really need help from some parent volunteers with clearances to help this endeavor go smoothly.

Also, due to the number of Ocean Chorus members who were absent today, I feel I should remind them that they will also be wearing grass skirts and so will need to attend this second date to make theirs.

REGISTRATION

I was informed by our producer that some members of the cast have not completed registration yet. Registration can be completed [here](#). If you encounter any difficulties, please email productionteam@thehcpac.org.

@Z!

OZ!, HCPAC's other production that is in rehearsals right now, will be being performed the weekend of the 23rd, 24th, and 25th. Some of our cast are also in that show, and I'm sure they would love to see their castmates come out and support them. Tickets can be purchased [here](#). I will be attending the Saturday evening show if any of the students want to join. (Please note that I will probably not be able to watch any students between our rehearsal that afternoon and the show as I do not intend to just sit around the theater for three hours when I could be shopping.)

HALLOWEEN

As we will be having a Saturday rehearsal on Halloween this year, I wanted to give students the option to dress up in Halloween costumes for this rehearsal. This is entirely optional.

While I don't want to limit anyone's creative options, please remember that you will need to dance in whatever you wear.
