COSTUMES

We still need a couple more parents to help with cutting and distributing ribbon. If you are available, please email productionteam@thehcpac.org. As a reminder, clearances are required for parent volunteers and can be submitted [here](#).

GRAND REOPENING

The song we have selected for the 14th is "We Know the Way". Please make sure your children are confident on the foreign language section at the beginning of the song, as it is still much more hesitant than the rest of the song.

As you can see on the schedule above, the plan for the 14th is to rehearse a bit later than usual, then to feed the cast dinner (I plan to order pizza) before getting them ready for their appearance. We're far enough along in costuming that they should be good to do this in-costume, so please make sure your students have their performance footwear by then. Village People will also need short, tight shorts or spunks in a visually unobtrusive color for under their grass skirts as they will not be wearing leotards (Ocean Chorus is also welcome to do the same if it increases their comfort).

In terms of hair, Village People will be wearing their hair down, and Ocean Chorus will be wearing their hair in a tight bun.
